   2
   3 {% block content %}
  4
  5 <h2>{{title}}.</h2>
       <h3>What is this?</h3>
   7
  8
       This is a secure cloud storage application, that allows you to share files via the cloud.
  9
10
11 <h3>How does it work?</h3>
12
13 Files are uploaded to folders located <a href="https://drive.google.com/open?" | 13 <p>Files are uploaded to folders located <a href="https://drive.google.com/open?" | 13 <p>Files are uploaded to folders located <a href="https://drive.google.com/open?" | 13 <p>Files are uploaded to folders located <a href="https://drive.google.com/open?" | 13 <a href="https://drive.google.com/open?" | 13 <a href="https://drive.google.com/open?" | 14 <a href="https://drive.google.com/open?" | 15 <a href="https://drive.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/open.google.com/ope
        id=1a ZOqi75h6nTvsUEPDi8NGUrb9Tk-dkh">here</a>
                  However, the files are all encrypted on upload. Only members of the security group are able
14
         to download and decrypt them
                  using this tool.
15
16
17 <h3>How do I join a security group?</h3>
18
19 Once you have created an account, you can create a security group, or get added to one by a
        group's owner.
20
21 <h3>Let's get started!</h3>
22
23 {% if user.is authenticated %}
24
25 Head over to your profile page <a href="{% url 'userpage' user.username %}">here</a> to start
        managing files and groups.
26
27 {% else %}
28
29 <a href="{% url 'signup' %}">Sign up</a> or <a href="{% url 'login' %}">log in</a> to get
        started.
30
